MCSBA in 2010-2011

MCSBA has been involved in a number of initiatives this year to take messages about serious issues affecting public education to the wider community.

In March, MCSBA joined other members of the Monroe County Council of Governments (COG) in hosting a news conference to explain to the media how a property tax cap will harm local governments unless steps are taken to control the costs of state-mandated programs. MCSBA Past President Kathy Dillon and Webster Superintendent Adele Bovard have participated in COG meetings this school year.

An updated *The Best for Less*, which describes collaborative efforts among our districts to offer cost effective high-quality programs and services, was published.

MCSBA has prepared a Request for Information (RFI) to be distributed among electronic media professionals seeking their input on the best uses of electronic media for the Association.

MCSBA arranged fall and spring trips to Albany for our members to meet with state officials. We also held meetings in local offices with state and federal law makers and their staff members. Several MCSBA members traveled to Washington, D.C., to meet with key staff members for federal representatives.

Much of MCSBA's ability to serve its members is based on our three standing committees—Information Exchange, Labor Relations, and Legislative—that each year identify issues to be addressed.

News conference: Local governments need mandate relief

ABOVE: Making presentations at the press conference were County Executive Maggie Brooks, MCSBA Executive Director Jody Siegle, Honeoye Falls Mayor Richard Milne, and Webster Supervisor Ronald Nesbitt.

Monroe County School Boards Association

MCSBA MISSION:

supporting public school leaders as they strive to provide excellence in education for all students.

MCSBA SERVICE OBJECTIVES:

- Functioning as a representative body;
- Promoting legislative positions developed by member districts;
- Maintaining contact with Regents and the State Education Department;
- Providing opportunities for members to exchange information and develop their boardsmanship skills;
- Providing in-service, data, and a forum for member boards on labor issues;
- Developing coalitions with others working to achieve similar goals.

MCSBA also partners with professional groups to present conferences on critical issues for districts, and works with other community groups to promote our positions with state and federal elected officials.

This spring, MCSBA members were polled to gain their insights into the programs and services offered by the Association that best meet their needs. The poll results will be used to help prioritize activities in the coming years.

The officers and staff are grateful for the involvement and support of MCSBA members.

Maintaining community ties.

MCSBA collaborates with a number of groups to promote public education.

The primary collaboration is the Monroe County Education Coalition (MCEC) which includes the PTA, school boards, superintendents, teacher unions, administrators, and school business officials. MCSBA provides and maintains a MCEC website at www.mcsba.org/mcec.

Executive Director **Jody Siegle** serves on the Community Leadership Council of the Children's Agenda and the Monroe Community College Department of Education's advisory council. She is also a member of the Council of Local School Boards Association.

Assistant to the Executive Director **Judy Wadsworth** is a member of the board of directors for the Genesee Valley Association of Supervision and Curriculum Development, coordinates an annual MCSBA conference for school district clerks, and serves on the Education and Outreach Committee of the Coalition to Prevent Lead Poisoning.

Both are members of the Genesee Valley Professional School Communicators and the NYS Association of Women Administrators.

Getting our messages out

www.mcsba.org

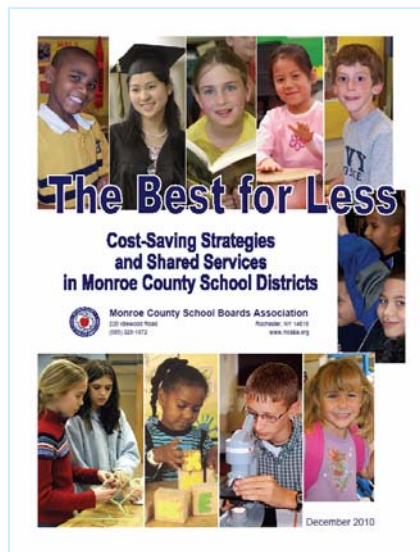

The MCSBA web site provides information for members and the community. Members and others use the site as a resource; many correspondents contact MCSBA with questions and concerns.

Reporting

Each Friday, MCSBA emails an electronic news update on education trends and issues to members and administrators.

News Scope, the MCSBA newsletter, covers MCSBA events and educational issues. Readers include state officials, member district staff, and the media.

MCSBA provides information to the media to help them explain issues to the wider community.

Facts & Figures

Each year, copies of the MCSBA *Facts & Figures* booklet are sold to realtors and relocation offices.

Other copies are given to MCSBA members, the media, elected officials and libraries. Sponsors cover the cost of this service.

Expanded *The Best for Less* published

The 2011 edition of *The Best for Less* is accessible at www.mcsba.org. This update describes shared services and cost-savings strategies used by member districts to provide cost effective programs. Featured are instructional services for students in all grade levels and for teachers learning new skills, as well as collaborations that allow districts to operate as cost effective entities.

2010-2011 Sharing Ideas

Committee programs for members.

- Facilities rental policies,
- Effective student supports,

Vital Legislative Committee

The Legislative Committee prepares and promotes the Association's legislative positions. MCSBA members use these positions to guide discussions with state and federal officials.

In December and March, MCSBA members attended meetings with NYS officials in Albany. In February, the Legislative Committee hosted its annual local breakfast meeting with NYS lawmakers to discuss the Governor's budget proposal and other issues affecting schools. In addition, meetings were held with our state legislators in their local offices.

In February, several MCSBA members attended the National School Boards Association Federal Relations Network convention in Washington, D.C. to learn about federal education initiatives and to meet with lawmakers. Members also met with Congress members and their staff members in their local offices.
